PROFILE

Creative and detail-oriented Video Editor with nearly 2 years of hands-on experience in post-production, color grading, motion graphics, and storytelling. Proficient in DaVinci Resolve as the primary editing suite, with strong command of Adobe After Effects and Premiere Pro. Experienced in delivering freelance projects for clients across social media, YouTube, and commercial content. Passionate about bringing stories to life through compelling visuals.

WORK EXPERIENCE

Freelance Video Editor

2023 – Present

Self-Employed / Various Clients

- Edited and delivered 20+ projects for clients across YouTube, Instagram Reels, and commercial advertisements.
- Handled full post-production pipeline: assembly cut, rough cut, color grading, audio sync, and final export.
- Used DaVinci Resolve as the primary tool for color correction and grading, achieving cinematic looks for clients.
- Created motion graphics and animated titles in After Effects for YouTube channels and brand promos.
- Collaborated with clients remotely, managing revisions and delivering files within tight deadlines.

NOTABLE PROJECTS

Brand Promo Video — 30-sec product promo; color graded in DaVinci, VFX in After Effects.

YouTube Channel Edit — Edited 10+ long-form videos (8–20 min) for a tech/vlog channel.

Wedding Highlight Reel — 5-min cinematic highlight using DaVinci Resolve's Fusion page.

Instagram Reels Package — Series of 15 short-form reels with motion graphics and sound design.

TOOLS & TECHNOLOGIES

Primary NLE: DaVinci Resolve (Color, Fusion, Fairlight, Cut & Edit pages)

VFX & Motion: Adobe After Effects (keyframing, compositing, motion graphics)

Secondary NLE: Adobe Premiere Pro (multi-cam, team projects, client deliverables)

Export Formats: H.264, H.265, ProRes, MP4 (YouTube/Instagram optimized)

Workflow: Proxy editing, LUT management, XML/EDL handoffs
